

To become an Israeli

A Preparatory Course for Olim

To establish a preparatory program for students who are interested in immigrating to Israel.

We believe in the importance of encouraging and supporting youths who express interest in making *Aliyah*. We are profoundly aware that only proper integration into Israeli society by finding a suitable source of income, gaining command of the language, understanding Israeli society in a deep way, and developing familiarity and communication with contemporary Israeli youths will lead to real assimilation into the State of Israel. Therefore, we believe that by establishing a program that makes meaningful support possible in these areas and the creation of a supportive social network we can bring about real success in the *Aliyah* process of youths.

The preparatory course is designed for students who have completed their Bachelor's or Master's degrees and are interested in making *Aliyah*.
